Motion made by Mr. Zack Gallagher

Seconded by Mr. Brian Blankenship

The SR42/Corwin Rd./Dayton Rd. traffic signal project is expected to begin late summer and has a estimated finish date in May of 2026.

The EPA has conducted an inspection of the future site for Well #10. There are requirements that must be met before the final construction can begin. There must be a land survey and an easement agreement with Harvest Baptist Church, including a legal description of the utility easement recorded by the county. Choice One Engineering surveyed the property and provided the necessary legal description. Jeff Forbes, Village Law Director, drafted Ordinance #2025-010 for council approval. Steve Jackson, owner of Harvest Baptist Church, met with the Village on Aril 16<sup>th</sup>, 2025 and signed the easement forms.

The Public Works Department has purchased a new plate compactor.

Crews and equipment are ready for mowing season.

Meeting adjourned at 6:22 pm
